A COMPREHENSIVE APPROACH TO LANGUAGE ACQUISITION

Through oral and written comprehension as well as speaking and writing exercises, students acquire the linguistic tools they will need to effectively communicate in a variety of contexts. The program is divided up in three levels, which target the language objectives defined by the Common European Framework of Reference for Languages at levels A1, A2, B1 and B2. Students will learn to form sentence structures based on level-specific grammar and vocabulary, all while discovering Francophone culture through French literature, artistic movements, distinctive regional traditions and idiomatic expressions. Interactive class activities and a task-based approach place students at the center of the learning process and effectively take them from oral and written comprehension to speaking and writing. Open to all levels of French.

Students need to take a placement test prior to registering. The online placement test can be found on our website at www.afdela.org

A SUMMER OF ADVENTURES IN FRENCH!

Expanding beyond the traditional classroom setting, students explore French through a variety of disciplines – all in immersion. Engaging thematic workshops enable them to understand and create their own work in French. Beginner to advanced students experience French culture through workshops in cooking at French restaurants, studio art, theater, fashion, sports and field trips to museums and galleries. They will meet French artists, learn the basics of French cuisine, discover artistic and architectural movements and create a web journal to remember their trips and workshops!
